

PATIENT ADVISORY TO CONSULT A PHYSICIAN

We are committed to your health and well-being. While we believe that Eastern medicine has a great deal to offer as a health care system, it cannot totally replace the resources available through biomedical physicians. Consequently, we recommend that you consult a physician regarding any condition or conditions for which you are seeking acupuncture treatment.

To comply with Article 160, Section 8211.1 (b) of NYS Education law, we request that you read and sign the following statement:

I affirm that I have been advised to consult a physician regarding the condition or conditions for which I seek acupuncture treatment.
